

MINIFELLOW specific training programme

“MINI-FELLOW AECP SNFCP 2024-25”

Receiving Centre:

Hospital Universitario 12 de Octubre, Avenida de Córdoba, s/n, 28041 Madrid, Spain

OBJECTIVES:

The **primary objective** of this specific training programme is to learn about the functioning of a colorectal surgery unit in a Spanish tertiary hospital.

The secondary objectives are:

1. To become part of the surgical team of the unit as an external rotatable.
2. To become familiar with the portfolio of services offered by the colorectal surgery unit to patients and the activities that are carried out.
3. To become familiar with the role of the resident surgeons and interns within the unit.
4. To learn some aspects of advanced and specialised techniques in colorectal surgery.

SPECIFIC TRAINING PROGRAMME DEVELOPED IN ONE WEEK.
